Hi [REDACTED]

If the URL can be modified in such a way that the original URL does not redirect to it, and also in a way in which it does not show up in searches for "very + young + teen" or "very + younger + teen", then this might work.

Otherwise we may need to produce 2257.

The title is not the issue in this case.

Let me know.

Thank you.

Hi [REDACTED]

I can report that 4 of the 5 flagged videos have been removed.

The 5th video [REDACTED] is being contested by Tubes. The video is from an important strategic content partner for Pornhub. [REDACTED] is prepared to produce a 2257 for all performers in the scene to be provided to the inquiring party.

In addition, we are exploring the following possibilities:

- Changing the URL, so it no longer appears on Thumbzilla or PH as flagged.
- Asking the partner to change the title to something less controversial.

I should have an update this afternoon. Please let me know if these solutions will work.

Guys, can you please arrange to have the other three clips removed? The acquirer is insisting due to their perception of the content by their management team.

Thank you.

Do you think we can remove the first and third based on a bank flagging them

Hi [REDACTED]
[REDACTED]
borderline but passable, probably taken from webcam site that verify 2257

[REDACTED]
Looks over 18

[REDACTED]
this one is the worst one in my opinion

[REDACTED]
No issues at all.

looks over 18

Nothing I see here is alarming from tube standards. Let me know what you think.
